

UMRH Accessibility Policy

UMRH is committed to making this Web site accessible to the widest possible audience, including people using assistive technology, according to the standards set forth by the [World Wide Web Consortium \(W3C\)](#).

In an effort to make our site universally accessible, we are testing our pages with screen readers and other web accessible tools, as well as on various platforms and browsers. Our guidelines call for:

- Following current web standards for XHTML 1.0, and Cascading Style Sheets (CSS2);
- Avoiding use of animation material;
- Testing in our most popular browsers (IE and Firefox); and,
- Using various accessibility checklists and guidelines, including those at www.w3.org/TR/WAI-WEBCONTENT.
